

As we congratulate
Merrimack on its
250 years of community,
let us honor America's
struggle for tolerance,
freedom and equality.

A message from Nancy Richards-Stower, Attorney At Law, 32 Daniel Webster Hwy., Merrimack (603) 881-3312

Let us work day and night to help our lesbian and homosexual students, neighbors and friends in their struggle for respect, equal rights, and equal treatment under law. Let us work to end discrimination and hatred directed towards gays by closed minds cloaked in religious bigotry.

After 250 years, Merrimack should celebrate equality for all.
